

Where Is Jesus When You Need 'em?

Words and Music Gary M. Wollman

VERSE

*I've prayed before mountains
Thrown pennies in fountains
Finally I found I couldn't find more*

*Shamen shepherds priests
Imams rabbis sheep
Some adore the light
Others the light they ignore*

INSTRUMENTAL

BRIDGE

*We descend we lose sight of
Who's the true martyr
Time passes on
The lesson only gets harder to learn*

*Can't extricate ourselves
Without falling even farther
Who'll be left at long last
To see to it we don't burn?*

CHORUS

*Where Is Jesus when You need 'em?
You must love or you won't see him*

VERSE

*Days pass on like eons
We remain startlingly weak
The masses are treated
Like tools or mere peons
Clearly we're sailing on uncharted seas*

BRIDGE

*One might look to Gandhi or Martin
Simply stated as a way of startin'
You can't lose lovin' Moses or Mohammad*

Or in fact goin' on back to the garden

CHORUS

*Where Is Jesus when you need 'em?
You must love or you won't see him*

BRIDGE

*People have of habit diggin' down
The rabbit hole too deep
Still we must throw down a rope for those
Who have stumbled too steep*

CHORUS

*Where Is Jesus when you need 'em?
You must love or you won't see him*

You just can't say you wanna be 'em
